OPERATION PIPELINE PROJECT# WMS 1941867

BALTIMORE GAS AND ELECTRIC CO.

PINE HEIGHTS

Application for Quantity and Quality Waiver

The City of Baltimore Department of Public Works is accepting public review and comments on this project's application for a quantitative control waiver and a qualitative control waiver. If granted, the waiver would allow construction of this project to be governed by the rules and requirements of Baltimore City's Ordinance 10-277 on May 2, 2010. The applicant must provide stormwater management for the proposed project whether or not the waiver is granted.

Applicant: The Baltimore Gas and Electric Company, 1699 Leadenhall St, Baltimore, MD 21230

Project Description: The Baltimore Gas and Electric Company is proposing to replace the aging existing underground gas main pipelines with polyethylene (plastic) pipelines in the following locations:
